

## Strengthening Instructional Outcomes

1. As a team, identify a particular time slot in the day you would like to focus on to improve instructional outcomes.
2. Come to consensus about learning goals for the time period.
3. Identify what each partner's role will be.
4. Discuss what each team member needs in order to be successful.
5. How can each team member be supportive of the other?
6. Consider and note the following:
  - What are the action steps needed to effect change? (timeline)
  - How will you/your team know you have been successful? (evidence)
  - When will you reflect on this with your coach or teaching partner? (reflection on success)

Time slot	What are the team's common goals for learning?	What is the teacher doing?	What is the instructional partner doing?	Action steps with time line

**Possible parts of the day to focus on:** Arrival, OWL Story Time, Toileting/Hand Washing, Building Block Whole Group, Building Blocks Work/Small Group Time, Lunch, Introduction to Centers, OWL Let's Find Out About It, Specials, OWL Small Group and Center Time, Outdoor Play, Dismissal
